

## State of Florida Transparency in Health Care Legislation

Services may be provided in this health care facility by the facility as well as other health care providers who may separately bill the patient and who may or may not participate with the same health insurers or health maintenance organizations as the facility.

Patients and prospective patients may request from this facility and other health care providers a more personalized estimate of charges and other information. Patients and prospective patients should contact each health care practitioner who will provide services in the ASC to determine the health insurers and health maintenance organizations with which the health care practitioner participates as a network provider or preferred provider.

## Price Estimation for Service Bundles

The Agency for Health Care Administration provides information on payments made to facilities for defined service bundles and payments on their pricing website located at <https://pricing.floridahealthfinder.gov>.

This service bundle information is a non-personalized estimate of costs that may be incurred by the patient for anticipated services. Actual costs will be based upon services actually provided to the patient. Below is a listing of physicians who perform procedures at this facility along with their phone number. Please contact them for an estimate for their services that may be billed separately from the surgery center bill.
